RACE TIMING WITH SPORTSTATS

The race will be timed by Sportstats using a chip on the bib technology. **This means you will not have a red d-tag to attach to your shoe.** The chip on your bib will automatically record your times at the start, at certain splits along the courses and at the finish. Sportstats will be using disposable tags, glued onto your race bib, which allows you to walk away from the finish without the need to have your tag collected.

PLEASE NOTE: All participants in the race must wear their race bib with the tag intact in order to have their times recorded. No bib = no time! Please make sure the race bib is pinned at torso height at the front and is visible throughout the race.

COURSE TIME LIMIT

The official course time limit for the half marathon is 4 HOURS. This is chip time, not horn time. Course time limit begins when the last half marathon corral crosses the start line. If a participant's pace falls below the course time limit, they have a few options:

- Increase their pace to stay within the event minimum pace;
- Board a "sag wagon" shuttle to move forward on the course, where they may continue to participate in the event, maintaining the minimum pace required; or
- If the participant cannot continue, they may board a sag wagon to be dropped off at the next shuttle location, at a nearby medical station. The participant will be seen by a Medical Team captain to be cleared for the medical shuttle to transport the participant to the finish line.

COURSE ENTERTAINMENT

We are the Rock 'n' Roll Marathon Series and we mean MUSIC! We will have local bands stationed approximately every mile along the course to keep your spirits high and your legs moving – see the [list](#) here. The Las Vegas local community will also encourage and energize you along course. Leave your music at home and get ready to rock!

RESTROOMS

Portable toilets will be located near the start and finish and along the course. Please review the venue maps on the [Race Weekend Info Center](#) for details on restroom locations at the Start and Finish Lines, and look for signage and blue lights on course designating toilet locations.

COURSE SUPPORT

There will be 8 aid stations along the Half Marathon course. Restrooms will be available at each station.

FINISH LINE FESTIVAL

PLAN AHEAD FOR AFTER THE RACE:

The finish line exit is on Las Vegas Blvd. at Flamingo Rd. With the large volume of people in the area, we recommend that you find a designated meeting spot for friends and family somewhere nearby.
